Re: Notice of Errata - UNS Electric, Inc. Application for Approval of Revised Rider - 3 for  
Net Metered Customers  
Docket No. E-04204A-15-0097

Following the filing of the UNS Electric Application for Approval of Revised Rider - 3 for Net Metered Customers, we noticed the second sentence of the second paragraph reads "effect of *increasing* the credit". The word should be "*decreasing*". Accordingly, the paragraph should read:

*The proposed MCCCCG rate of \$0.03003 per kWh decreases the MCCCCG rate in Rider-3, which will have the effect of decreasing the Credit for Excess Generation under the Company's Rider-4 NM-PRS. This credit is calculated and applied in the customer bill produced in October (September usage) or on a customer's "Final" bill.*

If you have any questions, please contact me at (520) 884-3680.

Sincerely,

Melissa Morales
